If you are unsure as to whether the total actual value of your personal property per county exceeds \$52,000, please contact the county assessor.

WHO FILES A DECLARATION SCHEDULE? The owner (legal titleholder) of taxable renewable energy property, their agent, and those in possession and/or control of the taxable renewable energy property as of January 1 must file a declaration schedule. All renewable energy property, such as a business/organization’s: ■ Generation Equipment (Solar Panels, Wind Turbines, etc...) ■ Inverters ■ Transmission Lines ■ Battery Storage must be listed on this schedule.

PRORATION OF PERSONAL PROPERTY VALUE IS GENERALLY NOT ALLOWED.

As of January 1, 1996, the only proration of personal property value allowed is for Works of Art loaned to and used for charitable purposes by an exempt organization. If other taxable personal property was located in Colorado on the assessment date, it is taxable for the entire assessment year, providing that, if it was newly acquired, it was put into use as of the assessment date (January 1). If it was not located in the state on the assessment date, or if it was newly acquired, but was not put into use as of the assessment date, it cannot be taxed until the next assessment year. Except for works of art, personal property that is exempt on the assessment date retains its exempt status for the entire assessment year. These requirements do not affect the proration of real property.

WHEN DO YOU FILE? This form must be received by the county assessor by the April 15 deadline EVERY YEAR.

HOW DO YOU FILE FOR AN EXTENSION? You may extend the deadline if, by April 15, the assessor receives your written request AND \$20 for a 10-day extension, or \$40 for a 20-day extension. This extension applies to all personal property schedules (single or multiple) which a person is required to file in the county.

WHAT HAPPENS IF YOU FAIL TO FILE? The late filing penalty is \$50 or 15% of the taxes due, whichever is less. If you fail to file a schedule, the assessor shall determine a valuation based upon the BEST INFORMATION AVAILABLE and shall add a penalty of up to 25% of assessed value for any omitted property discovered and valued later.

NOTE: Failure to properly file a declaration schedule may prevent you from receiving an abatement per Colorado case law, *Property Tax Adm’r v. Production Geophysical, 860 P.2d 514 (Colo. 1993).*

WHY IS THE DECLARATION FORM IMPORTANT? Assessors use this information to help calculate the property’s actual value. This value is based on the property’s use and condition as of January 1 of each assessment year.

- The assessor may request more information or conduct a physical inventory of your personal property at your business location.
